All my friends are witches
And we live in Hollywood
Mystical bitches
Making our own sisterhood
Whilst society is falling
We are quietly reforming
Protecting the planet
Healing our own damage

Quarantined, all alone
Mother nature on the phone
What have you been doing?
Don't forget, I am your home
Virus come, fires burn
Until human beings learn
From every disaster
You are not my master

Need to purge the poison
Show us our humanity
All the bad and good
Racism and misogyny
Nothing's hidden anymore
Capitalism made us poor
God forgive America
For every single war

Need to purge the poison
From my system until
Human beings listen
Tell me, who'd you think are?
It's your own decision
But your home is now your prison
You forgot that without me
You won't go far

2007, when size zero was the rage
Britney shaved her head and all we did was call her crazed

Harvey Weinstein's gone to jail, #metoo helped us to unveil
Truth and all its glory
The ending of a story

It's a New World Order
Everything just falls away
Our life as we knew it
Now belongs to yesterday
Inside all the love and the hate
We can all regenerate
Stop how we been living
Every single day

Need to purge the poison
From my system until
Human beings listen
Tell me, who'd you think are?
It's your own decision
But your home is now your prison
You forgot that without me
You won't go far

I just want a world where I can see the feminine
We only make up one quarter of the government
Like an angel gone to hell
Cast the moon under our spell
Owning our power
Taking back what's ours

Earth is like a white rose
Quiet cloud of petals cold
A place so corrupt where Angel's flesh and blood is sold
The feminine is born as new
Studded with a diamond dew
Saw the dawn was coming
Everybody knew

Need to purge the poison
From my system until Human beings listen
Tell me, who'd you think are?
It's your own decision
But your home is now your prison
You forgot that without me
You won't go far

Need to purge the poison
From my system until Human beings listen
Tell me, who'd you think are?

It's your own decision
But your home is now your prison
You forgot that without me
You won't go far
